Search results: 1

Webex Online Training

” Schools and higher education institutions are facing unprecedented needs to rethink physical classrooms, due to circumstances resulting from COVID-19 (coronavirus disease). Cisco provides a technology to enable students to attend class virtually – on Cisco **Webex**.

Cisco **Webex** is a videoconferencing technology that will let you to teach your whole class completely from home. Teaching over video will allow you to keep having personal interactions with your students from any device, without going to the classroom. **Webex** will enable you to teach as usual – including sharing content and whiteboarding on com

Webex solution allows 'teach and learn from anywhere' and with NO financial commitment.

Lecturer: Nor Asiah binti Abdul Rahman, Prof. Dr. Abdul Malek B Hj Abdul Karim
